

# Interdisciplinary

## Farming

This week we are going to be focusing on livestock farming (pastoral). Look at the PowerPoint about farm animals and discuss which products come from each animal. Can you find things in your kitchen that come from some of these animals?

Create a poster about one of the farmyard animals and write down some facts that you learned about them. Make sure your poster has both pictures and writing! Make it colourful!

## Health and Wellbeing

Watch the video about 'Ruby's Worry': <https://www.youtube.com/watch?v=9lhhCq44ar8>. What was important in this story? Create a 'Worry Jar' and write down or draw pictures of something that is making you feel worried. What else can you do if you feel worried? Who else can you talk to?

## RME

Did you know that Eid celebrations began this weekend? Eid is a big celebration in the Islam religion that marks the end of a long month of fasting. Many Muslims prepare sweet dishes, pray, decorate their home and spend time with their family.

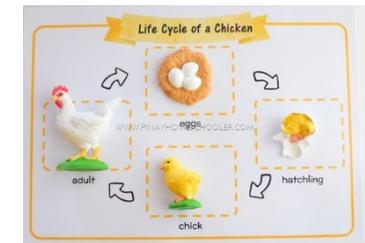

Have a look at how Eid is celebrated on the CBeebies website: <https://www.bbc.co.uk/cbeebies/puzzles/lets-celebrate-eid>. Have a celebration with your family at dinner time. Can you share something that you are grateful for?

## Science

This week we are going to be looking at the lifecycle of a chick. First, the hen lays the egg, the egg starts to hatch and then the chick is born. Finally, the chick grows into a chicken and the cycle continues. Play the Lifecycle of a chick game on Classroom Secrets (It is free to sign up and there are lots of other good resources on here too:

<https://kids.classroomsecrets.co.uk/resource/reception-life-cycle-of-a-chicken/>

Can you create your own lifecycle of a chick using arrows to show which stage leads on to the next?

## Physical Education

Let's get active! Mrs Ferguson has created a fun active game for you to play at home to the song "I like to move it" from Madagascar. You will find the instructions to this game attached. If you are not able to print off the cards, you could ask someone just to call out the names of each animal. Can you think of any other animals you could include here? There is also a fun Zumba kids dance to this song if you fancy getting your dancing shoes on: <https://www.youtube.com/watch?v=emKoR6Mlr4I>
