## Farming

We are looking at arable farming this week and this type of farming is when the farmer grows crops in fields. Since crops are plants, we thought it would be a lovely idea if you created a poster on how to look after a plant. Do you have any plants in your house or garden that you or someone in your house looks after? Do you know what plants need to survive?

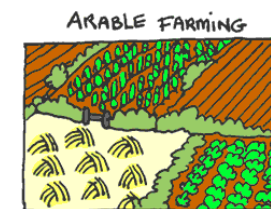

This video clip will give you ideas for your poster:

<https://www.bbc.co.uk/teach/class-clips-video/science-ks1-ks2-what-do-plants-need-to-survive/zkw2gwx>

We would like you to include pictures and what a plant needs to survive. We are looking forward to seeing your posters on your learning journals!

## Farming

We would like you to draw a map of an arable farm! Think about what a farm has and remember an arable farm doesn't have animals, it has crops instead. It will have lots of fields growing different types of crops. Have a look at the arable farming mat that we have attached to the blog where you will find ideas of what to put into your fields. Maybe you will have wheat in a field and potatoes in another. It is up to you for how you design your farming map, as long as it's an arable farm. Hope you have fun!

## Farming

Wheat is a crop that is often grown in an arable farm. We use wheat to make lots of different foods. Have a look at the growing wheat PowerPoint we have attached to the blog. Can you think of any foods that are made from wheat? Why don't you have a look in your house to see what foods you can find?

## French

Bonjour! For French we are going to be learning how to say some items of clothing.

- Les chaussures – shoes
- Le manteau – coat
- La jupe – skirt
- Le short – shorts
- La chemise - shirt

## Farming

The main parts of a flower are the roots, stem, leaves and flower. We would like you to draw a flower with all of these parts and then try to label them. You can also add colour to your picture once you are done.

We have attached a PowerPoint with lots more items of clothing in French. Why don't you go through the PowerPoint and draw the clothes you would wear on a sunny day? Try and say some of the words in French.
