

Farming

This week we are going to be thinking about farming in other countries around the world. Have a little think about how farms might look and operate differently in other countries, especially where it is very hot. What sorts of foods will not grow in Scotland but instead are grown overseas? Pablo is a super banana from Columbia. Watch the video to see how bananas are grown and farmed in South America and learn about what it means to be Fair Trade

<https://schools.fairtrade.org.uk/resource/pablo-the-super-banana/>

After watching the video have a discussion with your family about what you have learnt. Think especially about Fair Trade and why it is important that farmers are treated fairly.

Fair Trade

We all want to be treated fairly and we can get upset if things don't seem right. In some places farmers are not treated with fairness, they don't get enough money for all the food they make. When you see the Fair Trade symbol on a piece of food or clothing it tells us that the farmers who grew the produce have been treated fairly and given enough money. This means that they will be able to buy food for their family, send their children to school and buy medicines if they get sick. Watch the PowerPoint attached to the blog to find out more. Next time you are in a shop, why don't you look out for the Fair Trade sign on different foods?

Interdisciplinary

Sports Day

This Thursday would have been our annual sports day. Obviously we can't get together to do our normal races, so Mrs Ferguson and the Primary 7s have been very busy planning virtual events which can be done over the course of this week. The 7 activities will be posted on the blog on Monday and are to be completed any time before Friday. After completing an activity please remember to log your final score on the interactive scoresheet. We have sent out an email through the Learning Journals reminding you of your house so that you know where to log your scores. Feel free to upload photos of your efforts, we will try to share these with Mrs Ferguson throughout the week.

Sports Day

Throughout the week you will be completing lots of new activities as part of our virtual sports day. We would like you to keep a log of all the exercise you complete over the week. In your jotter write the days of the week down the left hand side. Beside each day write a sentence about the exercise you completed. At the bottom of the page, write about or draw a picture showing your favourite way to exercise and tell us why you like it. My sentence would be: *My favourite way to exercise is dancing because it uses lots of muscles in my body and the music makes me happy.*

Sports Day

In Carmondean we are very proud of our school houses: Deer Park, Raeburn, Sutherland and Waverley. Each child is in one of these houses and throughout the year we work hard to earn points for our house, working towards a big treat at the end of each term. Sports Day is an opportunity to earn lots of house points for our houses and the teachers can't wait to see who wins this year. Can you make a poster or banner cheering on your house? Try to write your house name in big, neat letters and make sure to use your house colours (Deer Park is blue, Raeburn is green, Sutherland is yellow and Waverley is red).
