

Throughout the week, each time someone does some exercise put a tally mark in the column next to that sport type. Count up how many tally marks each sport gets and draw the correct number of pictures on the pictogram.

| <b>Sport Type</b> | <b>Tally marks</b>  |
|-------------------|---|
| Run               |  3   |
| Walk              |  10 |
| Cycle             |  7  |
| Play in garden    |  5 |
| Dance             |  2 |
| Yoga              |  4 |
