training professionally at Dance Studio Scotland at Clyde College in 2010, graduating in 2014 with a Dance Artists Qualification. I am also an associate member of the Scottish Dance Teachers' Alliance).
 I was a Cast Performer at Glasgow Youth Games 2014. I have participated in various projects that include working alongside live musicians, professional choreographers, professional/non professional dancers and dancers with additional needs; showcasing at various venues around Scotland.

Formerly I have also had the opportunity to perform at The Mitchell Theatre, Glasgow's Theatre Royal, The Tramway, and at a young age at the London Palladium, and London's Theatre Royal (West End).
 In my 10 years at college I gained my experience by teaching dance in various schools and various dance companies. Since leaving college I continue to allow myself to continuously develop my teaching skills, and most of all my passion on my passion for the art of dance.
