

## Newsletter

### Unprecedented Times

A short newsletter just to keep in touch. Remember school is here, we are here to support in any way that we can, our email will be checked regularly.

[wfallahill-ps@westlothian.org.uk](mailto:wfallahill-ps@westlothian.org.uk)

Free School Meals can be collected from St John's PS, if required, throughout the Easter Holidays and we have put a range of fun Easter activities on the school blog if you are looking for ideas.

### In and around the virtual classrooms

We went from 1 class using TEAMS at home to P3-P7 all using TEAMS at home in a very short time. Some of the skills the children are showing are truly fantastic and the teachers have been working extremely hard to put up purposeful and meaningful learning in these tricky times. I have seen some phenomenal design and technology learning from our P3s, purposeful Maths learning in every virtual classroom, children consolidating and developing a range of writing skills in every virtual classroom. I've spoken with almost every P1 and P2 parent and those children are working their way through the learning packs and learning opportunities on the blog. In a very challenging time I think we all are working the very best we can, yourselves as parents, the staff and most importantly the children to make this the best it can be under the circumstances. Thank you for your continued support

### Parent Ethos Survey

This closes today, 3<sup>rd</sup> April, so it is your last chance to tell West Lothian Council how amazing Fallahill is, and of course, what areas we could still improve further, this is your last chance to do so.
