

Good morning to you all P4 - it's a lovely Thursday and I'm looking forward to working with you on TEAMS today.

It was fantastic to see all your lovely faces yesterday in class, and I thought that you all looked mighty smart in your uniforms 😊

Today we have some lovely learning to potter along with today - as you would expect I will check in with you during the day, to see how you're getting along, but having met you all yesterday, I think you will have 'nae bother' getting on with this lovely work.

To start with we have a little bit of Maths - ugh! I know, Maths already!! But it's only a wee bit, I promise.

If you have access to the internet, then head over to

<https://www.twinkl.co.uk/go> and use the code **VK4816** to log into the number games I have set up for you.

If you don't have access to the internet (or if you just prefer this task), then head outside and use some natural materials from the environment to create pictures of the different number bonds to 10 and 20 - you could send me some piccies of your work...but remember only to use things that are already on the ground, don't be pulling up flowers or pulling down leaves to do the task as I'm sure your people at home and the plants/trees won't thank me or you for that.

 **Number Bonds to 10** 

Find 10 leaves. Split them between the circles. How many different ways can you make 10?

Next up, we have a bit of spelling - I want you to write 5 amazing sentences using the words below (use one word in each sentence).

Cloud

Grass

Flower

Sunshine

Leaves

Head outside if you can and try to be inspired by what you see to make up amazing sentences. You could type your sentences into TEAMS or you could write them on a piece of paper and send me a picture of them - you could even include a fabulous picture to illustrate your sentence.

Here's one I made up by going outside to watch the clouds moving:

Outside, the fluffy rabbit-shaped cloud slowly moved across the sky.

Remember to spell all your words correctly, and don't forget to include capital letters and full stops.

Your last tasks for today are getting you to think about what we learned yesterday about our emotions and feelings.

If you have access to the internet, you can head to

<https://www.twinkl.co.uk/go> and put in the code NI4235 to log into the two activities for you.

If you don't have access to the internet, you can try the word search below:

v	n	u	b	z	p	l	d	a	q	s	g	f	m	c

Word List

- shy
- afraid
- lonely
- worried
- scared
- angry
- jealous
- sad
- happy
- hopeful
- nervous
- excited

After that you could think about what makes you the amazing person that you are, and then tell me all about it:

I Am an Amazing Person!

Read and complete the sentences below.
You can draw or write the answers.

It's been great getting to know you all a bit better and I'm looking forward to working together this year - I think we are going to learn heaps!
