

### Dragon races

Some dragons had two races to see who was the fastest.

Here are their times.

	Running race	Flying race
Reddy	17.6 seconds	3 minutes 04 seconds
Puffy	14.2 seconds	3 minutes 24 seconds
Smokey	19.8 seconds	2 minutes 56 seconds
Steamy	15.3 seconds	3 minutes 10 seconds
Firey	16.6 seconds	2 minutes 53 seconds

1. Who was the fastest in the Flying race?

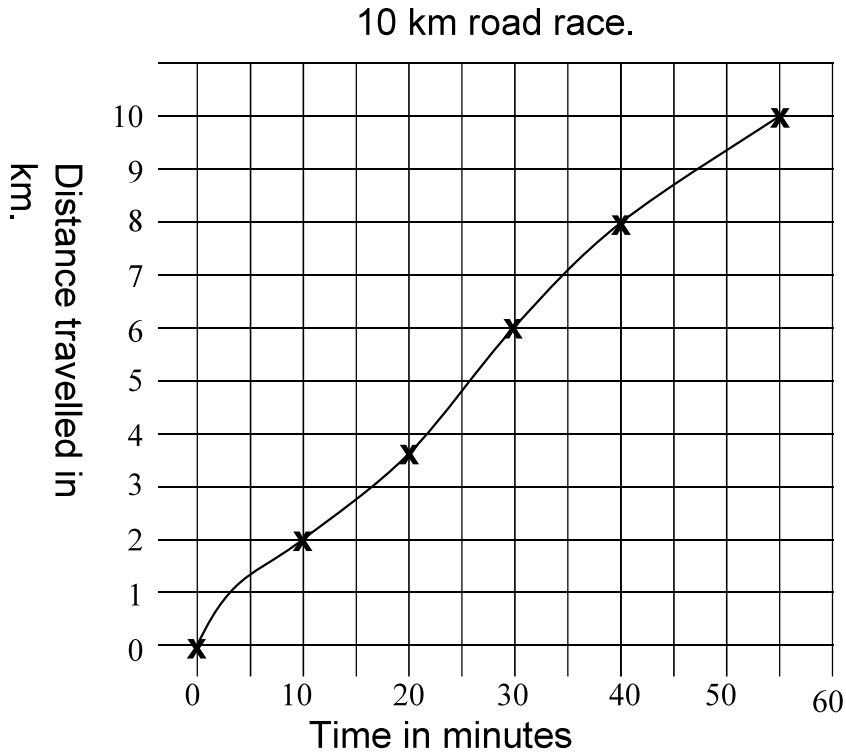

2. Who finished the Running race in third place?

3. In the Flying race how many seconds was Smokey ahead of Steamy?

4. In the Running race how much quicker was Steamy than Reddy?

5. What was the difference in time between the fastest and slowest times in the Flying race?

Jim entered a 10 kilometre running race.  
This is a graph to show how far he had gone at different times.

1. How far did Jim run in the first 10 minutes of the race?

2. How far had he run after 40 minutes?

3. What time did he finish the race in?

4. Jim says,  
"I ran further in the first 20 minutes than the last 20 minutes."  
Explain how the graph shows this.
