

## Home Learning - Week Beginning 1<sup>st</sup> June 2020

Good morning Primary 1! Here are some more fun tasks for you to try this week at home, I hope you all enjoyed the tasks set last week. Remember you also have the games and challenges on Education City and SUMDOG. You do not have to complete all tasks and there is no particular order that they should be completed. Remember the most important thing is to stay safe and well.

### PE- Keep Moving!

A good way to start your day is with a little exercise. Every morning Joe Wicks will be live streaming a free PE lesson on his YouTube channel at 9am. You can access it through this link:

# Letters and Sounds

## Phonics

This week we will work on the sounds

ng

sh

oo

wh

**ng-** is a back sound, these 2 letters together make 1 back sound

**sh-** is formed by using the flat centre of the tongue

**oo-** is a stretchy vowel and your lips smile when you say this sound- remember the ghost lives in the vowel house!

**wh-** is a stretchy lip sound

## Phonics Songs

## Writing

Please listen to the story 'The Very Hungry Caterpillar' under the reading section before writing activities

1. Write a sentence and draw a picture to retell the story.
2. Can you write a similar story about a 'very hungry' animal? What animal will you choose? What happens to it? What does it eat?

**Remember to use a capital letter at the beginning, finger spaces in between your words and a full stop at the end.**

## Maths

### Counting

Count the total number of foods that were eaten by the caterpillar. How many of these were fruit / vegetable / contained meat etc?

Count the colours of all the fruits, how many were there?

### Days of the Week

<https://www.youtube.com/watch?v=HtQcnZ2JWsY>

### Answer these questions with an adult!

1. Count the days of the week!
2. How many days are in the week?
3. If today was Tuesday, what day would tomorrow be?
4. If yesterday was Saturday, what day is it today?
5. If tomorrow is Friday, what day is it today?

**Caterpillar finger prints-** draw caterpillar faces and write a number beside each face. Put that many fingerprints as the caterpillar's body! Can you go to 10? 15? 20? 25? 30?

## **Science- The Butterfly Life Cycle! (Adult Assistance Required)**

<https://www.youtube.com/watch?v=O1S8WzwLPIM>

Click on the above link to watch the life cycle of a butterfly.

### **Stage 1 - The Egg**

It all starts when a female butterfly lays her eggs, usually on leaves or stems of plants. Inside these tiny eggs, caterpillars grow.

### **Stage 2- The Caterpillar**

Once ready, the caterpillar leaves its egg home and enters the big outside world! They have a big appetite - they actually eat their way out of the egg and immediately start eating the leaves of the host plant. During this stage, they shed their skin four or five times - as the caterpillar grows, its skin becomes too tight and splits open, revealing a new, larger skin underneath. A fully grown caterpillar can be over 100 times larger than when it emerged from its egg.

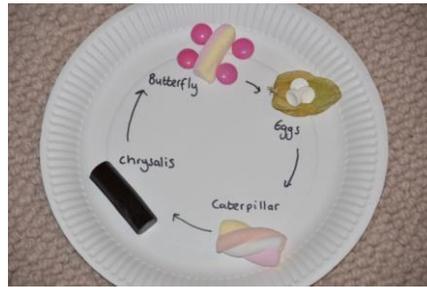

### **Stage 3- Chrysalis**

Once fully grown, the caterpillar forms itself into a "pupa" (or chrysalis). They usually do this on twigs. The "pupa" stage may last a few weeks.. During this time, a hardened case forms around the pupa to protect it from predators and extreme weather conditions. And inside, the tissue, limbs and organs of the caterpillar transform.

### **Stage 4- The Butterfly**

Once the butterfly is ready to emerge, the case around the pupa splits open. The wings are at first wet, soft and wrinkled against its body. The butterfly waits for its wings to dry, and pumps a liquid called hemolymph into them so that they become big and strong. Once fit for flight, the butterfly takes off into the air in search for flowers to feed on.

## HOW TO MAKE AN EDIBLE BUTTERFLY LIFE CYCLE

### You will need:

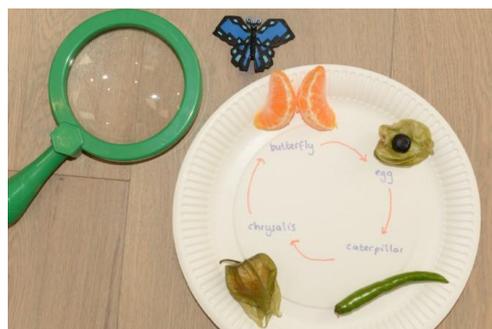

- Marshmallows, yoghurt raisins - **eggs**
- Sweet Caterpillars, spring onion - **caterpillars** - you could use two different sizes here to show how the caterpillar grows.
- Liquorice, long marshmallows, - **chrysalis**.
- Pasta bows, orange segments - **butterfly**
- Paper plate

Place the items in the correct order on the paper plate and add arrows to show the direction of change.

Caterpillars often shed their skin and eat lots of leaves, can you add these stages into your life cycle.

### Extension

Can you make a fruit and vegetable version of the butterfly life cycle?

## Expressive Arts

### Music

1. Learn The Very Hungry Caterpillar Song

[T-T-27424-The-Very-Hungry-Caterpillar-Song.pdf](#)

2. Sing a song from your favourite film or T.V. programme.

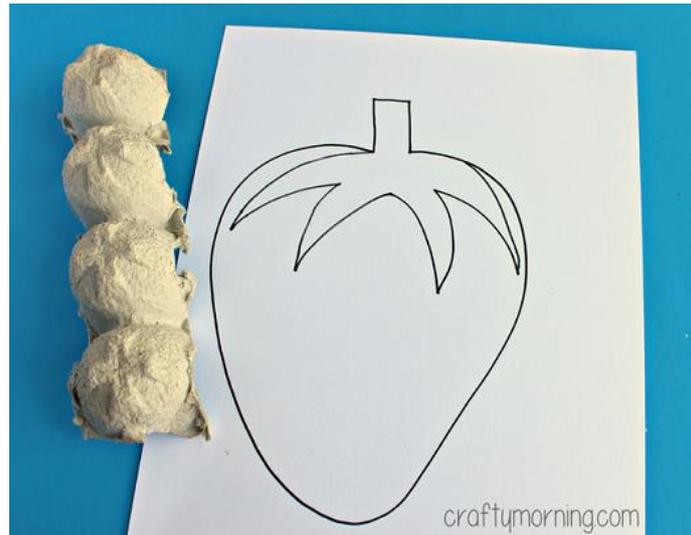

### Art and Design

#### Egg Carton- The Very Hungry Caterpillar

#### You Will Need:

- Egg carton
- Green, yellow, and red paint
- Paintbrush
- Scissors / Glue
- Black marker
- Yellow pipe cleaner
- Googly eyes

### Step One

Start by cutting the egg carton so it is 4 cups length! Then free-draw or print out a strawberry on a piece of white paper

### Step Two

Have your child paint the first egg carton cup red and the other three green....paint in the strawberry as well! Then leave to dry

### Step Three

Once the paint is dry stick a scissors/pencil into the top of the egg carton to make holes for the yellow pipe cleaner

Then glue on the googly eyes holding down for at least 30 seconds.

Cut a hole in the strawberry where the caterpillar ate and paint yellow dots all over.

### Extension

You may wish to draw and paint the other foods from the story and the butterfly.

Your child could then use them to re-tell the story.

## Help at Home (Always check with an adult first)

1. Pick up and tidy up your toys

2. Put your clothes into the washing basket

3. Watering Plants

4. Make your bed every morning

5. Tidy your room

## Take Time Out

Remember to take some time out to relax and spend with your loved ones.

1. Play balloon Volleyball- Tie string firmly between 2 walls and you have an indoor net! Use a balloon and let the volley begin!

2. Lily Pad Hop! Get the kids jumping with this froggy fun! Lay out tea towels, face cloths etc and have your child leap and hop! Be sure not to fall in the pond! (Can be used outdoors or indoors)

3. Play a board game as a family!
