

Receipts

Aim: To be able to calculate a total and work out the correct change.

I can use money to pay for items and can work out how much change I should receive. **MNU 1-09a**

I have investigated how different combinations of coins and notes can be used to pay for goods or given in change. **MNU 1-09b**

Find the total of the receipts and work out what change you need to give.
