SPELLING/COMMON WORDS

For pupils on common words, read these as often as possible, in order and out of order. For spelling words, look back over the last 4 weeks and choose words you are not sure of. Choose one of the activities from the Active Spelling Booklet using the words you have chosen.

MATHS

In class we are continuing with our money work. To help mental maths, give your child an amount and work out the change. Start with a small amount and work up to larger amounts. For example, you buy a lollypop for 5p and use 10p to pay. How much change will you get?
