MATHS IT!

P6s, Maths Masters and Marvels:

Practise your accuracy in measuring angles using this game:

<https://nrich.maths.org/1235>

How many different world currencies can you name? Research currencies from countries around the world and investigate how much of each currency you would get for £100.

Maths Magicians:

Can you find different types of angles at home or outside?

Practise calculating change using this game:

<https://www.topmarks.co.uk/money/toy-shop-money>

P5/6 Home Learning

WELLBEING IT!

We are focusing on our mental health and wellbeing this term. Think about what causes you to feel stressed or anxious. Discuss different strategies you can use to deal with these feelings. Can you find some new strategies to help you to deal with challenges?
Can you add some yoga moves in to your day? Perhaps try some bed time yoga?

SPELL IT!

Science and Maths words.

Write sentences demonstrating your understanding of your words.

Choose your own way to practise your words.

READ IT!

P5s - reading as set in Literature Circles. Literature Circle role to prepare for 13.5.19.

P6s - reading as set in class.

TEACH IT!

Prepare a short lesson to teach the class something.

It might be something practical such as how to make a friendship bracelet or how to perform a cartwheel or it could be teaching how to say words in a different language or how to read music.

If you have any questions ask Mrs Gallagher. Lessons will start week beginning 27.5.19.
