

**MATHS IT!****Money:**

Write down a shopping list of 5 of your favourite food items. Next to each item include:

- the price
- a list of the coins or notes you might use to pay for it

**\*Extention:**

- a) add all 5 items together to find the total cost
- b) Make up a special offer for each item. Find the new price for each item using your deals. (ex: 3 for the price of 2)

**GRAMMAR IT!**

Write 4 sentences using any of the following conjunctions:

*although, because, until, furthermore, but, when*

**P5/6 Home Learning****SPELL IT!**

Type your spelling words on a computer using a variety of fonts, colours and letter sizes.

Copy your spelling words into your jotter in alphabetical order.

**READ IT!**

Reading as set in class.

Reading Challenge Task - read a non fiction text (this can be from a website) linked to our topic: Sustainability.

**MAKE IT!**

This week, during our topic, we watched news clips of the climate change protests led by children from around the world. We also heard Greta Thunberg's message to "Protect, Restore, Fund."

Make a poster to share your own message about protecting our environment.

Some ideas we saw include: "There Is No Planet B" or "Plant Trees!"

**SHARE IT!**

Teach someone how to say how old they are in Spanish!

Hint: Tengo = I have  
años = years
