

Shop Role Play

Why not make your own role play shop at home using some packets and tins from the cupboard or you could set up a toy shop using some of your toys.

Make some price tags for your shop and a shop sign.

Ask your grown ups to come and shop.

You could make a till out of a box and add some change to it.

Look at this funny mask of Peppa Pig! We know you can't get out to the shops just now but if you click on it you can hear a story about Peppa going shopping.

[Click here for a Kiboomers song about going shopping.](#)
