P1 Money

More about Money

For a long time, money has been a way to buy and sell. We need it for basics that we can't live without like somewhere to live, food to eat and clothes to wear. This video explains why money is needed and how it all started.

Where does money come from?

Sometimes we are given money as a gift for birthdays and Christmas presents. Usually money is earned by working. Watch the video about how we earn money.

COINS and PAPER MONEY

Ask your parents if you can look at coins and paper money. They are different shapes and sizes and they have different values. Values are what the coins are worth. Have a look at the money and find

- What is on both sides
- Which is the smallest coin
- Which is the biggest coin
- What is on paper money

Here are some games you may like to play about money. Where does money come from?

P1 Writing

Today we will write about your chosen Mini-Topic. Add a page to your fact file and draw in lines. There is an example below. Now watch the video from yesterday to remind you and as you are watching, write down some notes. These should just be 1 or 2 words at a time.

To be successful in this writing lesson you should

- Write at least 3 sentences
- Use 'and' or 'because'
- Use capitals at the beginning of sentences
- Sound out and blend the words you wish to use
- Use full stops at the end of sentences
- Use finger spaces between your words

P1 Writing continued

Here are my sentences.

I enjoyed watching the video to see many beautiful and unusual frogs. The transparent frog was interesting because you could see inside its body. I also liked the sleepy eyes on the frogs. Although they look sleepy frogs are just waiting to catch their food very quickly.

French

In French lessons we are going to learn about the weather! This first song uses the term 'Quel temp fait it aujourd'hui?' This means 'What's the weather like today?'

Calendar

Can you complete today's calendar without any help? What is today's date? Can you write it in your pink Home Learning jotter? How many days are left in April? Remember to only count the boxes with a date.
