

Primary 2 Learning At Home

Tuesday 28th April 2020

Spelling Words

We will continue with the u-e sound. Take out activity 7 from the Literacy pack. It should look like this.

Cut out the letters at the bottom and make words to match the pictures.

P2 Money

More about Money

For a long time, money has been a way to buy and sell. We need it for basics that we can't live without like somewhere to live, food to eat and clothes to wear. This video explains why money is needed and how it all started.

<https://www.youtube.com/watch?v=ADaY6THQp3Y>

Where does money come from?

Sometimes we are given money as a gift for birthdays and Christmas presents. Usually money is earned. Watch the video about how we earn money.

COINS and PAPER MONEY

Ask your parents if you can look at coins. They are different shapes and sizes and they have different values. Values are what the coins are worth. Have a look at the coins and find

- What is on both sides
- Which is the smallest coin
- Which is the biggest coin
- What is on paper money

Here are some games you may like to play about money.

P2 Writing

Today we will write 2 paragraphs about your chosen Mini-Topic. Start by adding 1 or 2 pages to your fact file by drawing lines. Remember a paragraph is several sentences about the same subject. Your 1st paragraph is to be about the video, things you enjoyed, what you noticed and your thoughts. In the 2nd paragraph you are to describe one frog, butterfly etc. Now watch the video from yesterday to remind you and as you are watching, write down some notes using a mind map. There is an example below.

P2 Writing continued

Here are my paragraphs.

I enjoyed watching the video to see many beautiful and unusual frogs. Some of the frogs looked very small but they all seemed to be able to catch their food so quickly. The Tomato frog surprised me when it caught its food. I knew frogs ate insects but I did not know frogs ate mice! The Milk frog had a very quiet croak but when the throat puffed out on two sides it made me laugh.

Take a new line

The Glass frog had a green body, sleepy eyes and webbed feet. Its heart beats very fast and can be seen through the transparent skin. The long, thin legs helped it to move around and were very agile, hanging onto the thin line. The black and white eggs were unusual as British frog eggs are much plainer.

P2 Writing cont

To be successful in this writing lesson you should

- Write 2 paragraphs that have at least 3 sentences each
- Use 'and' or 'because'
- Use capitals, full stops and finger spaces.
- Use adjectives, describing words

You may also include illustrations if you wish.

French

In French lessons we are going to learn about the weather! This first song uses the term 'Quel temp fait il aujourd'hui?' This means 'What's the weather like today?'

Calendar

Can you complete today's calendar without any help? What is today's date? Can you write it in your pink Home Learning jotter? Remember to only count the boxes with a date. How many days are left in April? How many days have we had already in April? Can you subtract yesterday's date from the total days in April? Try to write out your calculation and work it out before you count the boxes.
