The iPayimpact online payment system gives you a more convenient and flexible way to make payments online. By making cashless payments online, you know that your money has reached the establishment safely. You can view your account statement and payment history and check when payments need to be made. For parents with children in primary or secondary education, some establishments also display their menu online or report which meal your child chose at lunchtime. Cashless payments help your child's establishment be more efficient as administration time in the office is reduced.

For you to use this online service, your local authority has specified that iPayimpact uses myaccount, the simple and secure sign-in service for accessing online public services in Scotland. It provides people living in Scotland with the ability to set up an online account and use it - using a single user name and password if they choose - to access a growing range of online public services. If you already have a myaccount, click on the **Sign-In** logo above.

If you don't already have one, setting up an online account involves a simple registration process, and by clicking on the **Register** logo above. Once you've registered by providing a minimal amount of information, including about you and where you live, you'll be sent two emails: one with a username and another with a one-time use password.

Once you sign in, you'll be prompted to create a new password. When you've completed the sign in process, you'll be shown details of the data you consent to share with iPayimpact.

Logging into iPayimpact will then allow you to access the accounts of the individuals for whom you intend to make payments, requiring you only to have the appropriate account references to hand when doing so.

Once an item has been added you can go straight to pay for that in the secure area where you enter your debit/credit card details, or continue shopping adding other items. Or if you have made a mistake you can remove/amend the item.

The screenshot shows the iPayimpact online payment system interface. The header includes the iPayimpact logo and the West Lothian Council logo. The navigation bar contains links for Home, My Profile, Accounts, Payment History, a shopping basket icon with a '1' badge, FAQs, and Logout.

The main content area displays a 'Welcome' message with a placeholder for the user's name. Below this is a 'Shopping Basket' section. A table lists the items in the basket:

Establishment Name	Account Name	Fund	Details	Amount
Blackridge Primary School	Your child's name.	Milk Term 2 2016/17		£7.98

Buttons for 'Remove' and 'Amend' are next to the item. A 'Remove all items' button is located above the table. Below the table is a 'Basket Summary' section showing 1 item with a total value of £7.98.

The 'Make payment with' section shows a dropdown menu with 'a new card' and 'store the card' options. Below this are 'Proceed to Checkout' and 'Continue Shopping' buttons. The 'Proceed to Checkout' button is circled in red.

The footer includes links for Accessibility, Cookies, Privacy Statement, Sitemap, and Terms & Conditions. It also displays the Visa and MasterCard logos, a 'Secured by iThawte' badge, and the copyright notice: 'V29.0.5 Copyright © 2016 Cash Registers (Buccleuch) Limited Trading as CRB Cunninghams'.

Please remember, there is a £5 minimum total basket charge. You can pay £5 on meals even if you are only ordering 1 school meal, the balance of the money will stay in credit on your child's account for when you order more meals. The iPayimpact online payment system gives you a more convenient and flexible way to make payments online. By making cashless payments online, you know that your money has reached the establishment safely. You can view your account statement and payment history and check when payments need to be made. Secure Registration Process

For you to use this online service, your local authority has specified that iPayimpact uses myaccount, the simple and secure sign-in service for accessing online public services in Scotland. It provides people living in Scotland with the ability to set up an online account and use it - using a single user name and password if they choose - to access a growing range of online public services. If you already have a myaccount, click on the **Sign-In** logo above.

If you don't already have one, setting up an online account involves a simple registration process, and by clicking on the **Register** logo above. Once you've registered by providing a minimal amount of information, including about you and where you live, you'll be sent two emails; one with a username and another with a one-time use password.

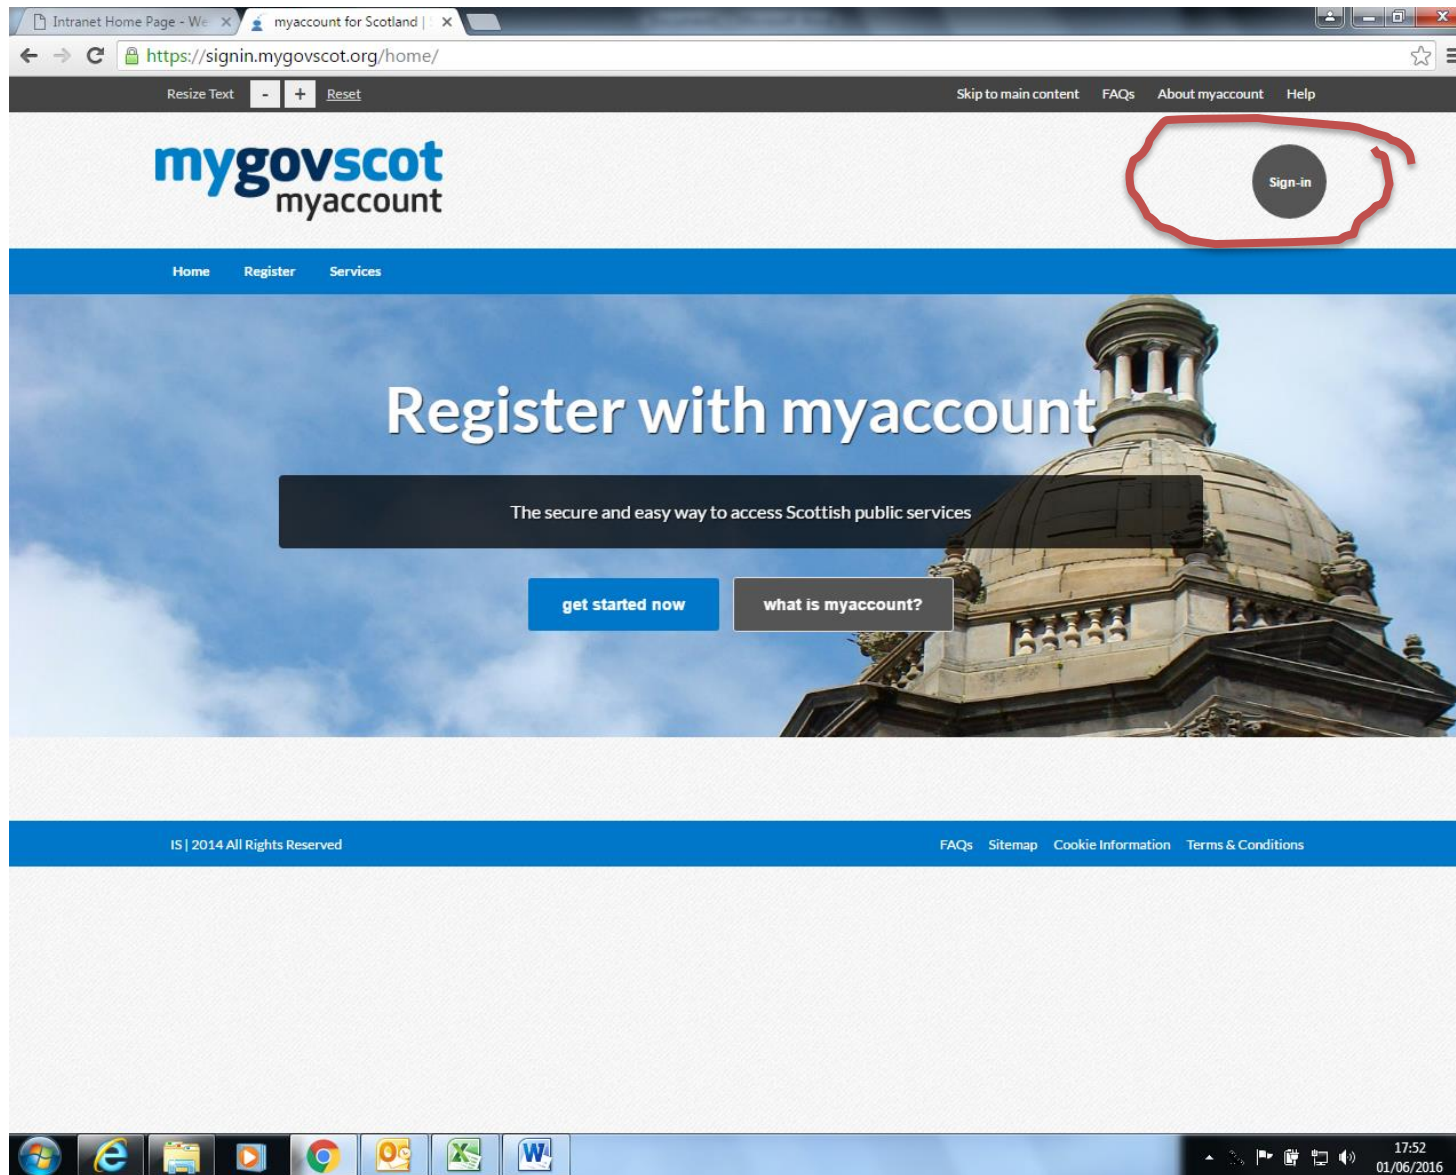

Once you sign in, you'll be prompted to create a new password. When you've completed the sign in process, you'll be shown details of the data you consent to share with iPayimpact.

Logging into iPayimpact will then allow you to access the accounts of the individuals for whom you intend to make payments, requiring you only to have the appropriate account references to hand when doing so.
- Footer:** V29.0.5 Copyright © 2016 Cash Registers (Buccleuch) Limited Trading as CRB Cunninghams. Logos for VISA and MasterCard are also present.
- Taskbar:** Windows taskbar at the bottom showing icons for various applications and the system clock displaying 16:29 on 07/10/2016.

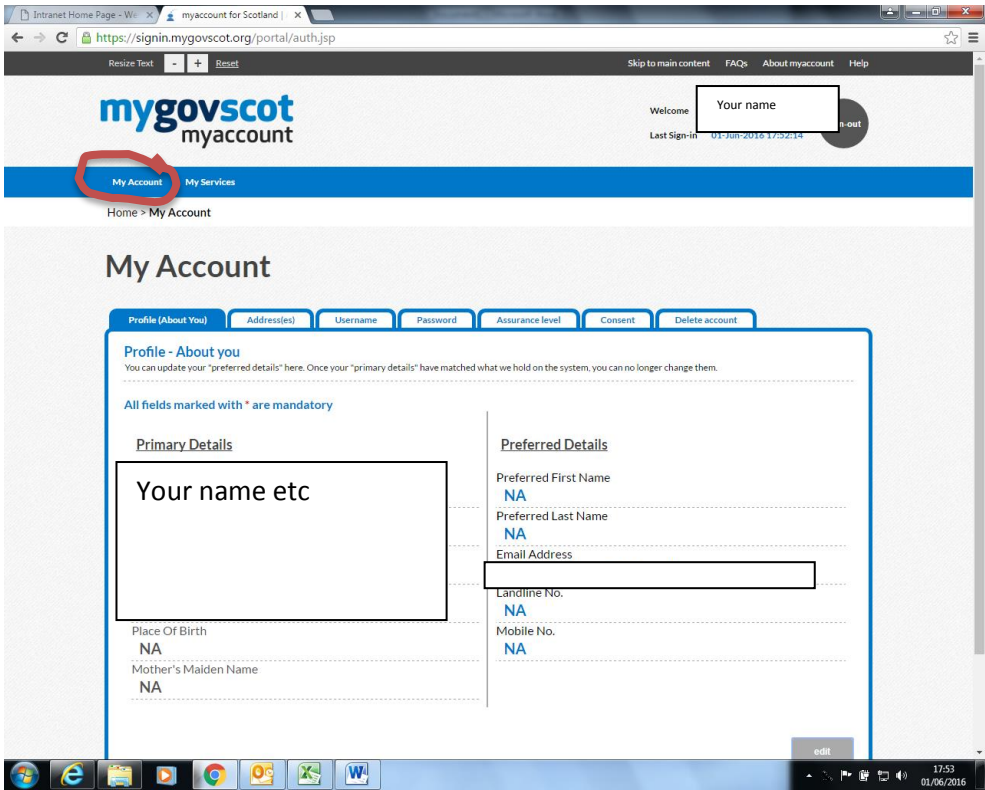

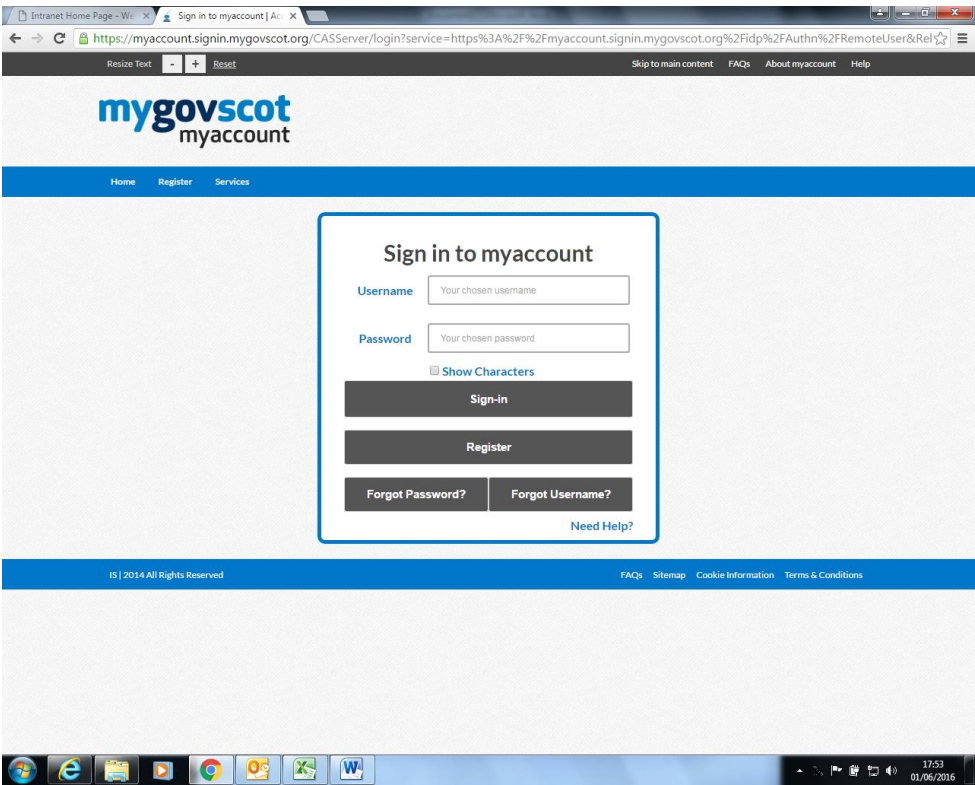

Unfortunately there is a bug that might happen when you log in the second or third time - you may get this message.

And you will get sent to this screen. This is the home page of mygovscot and it means you need to log in here and go into online payments the long way.

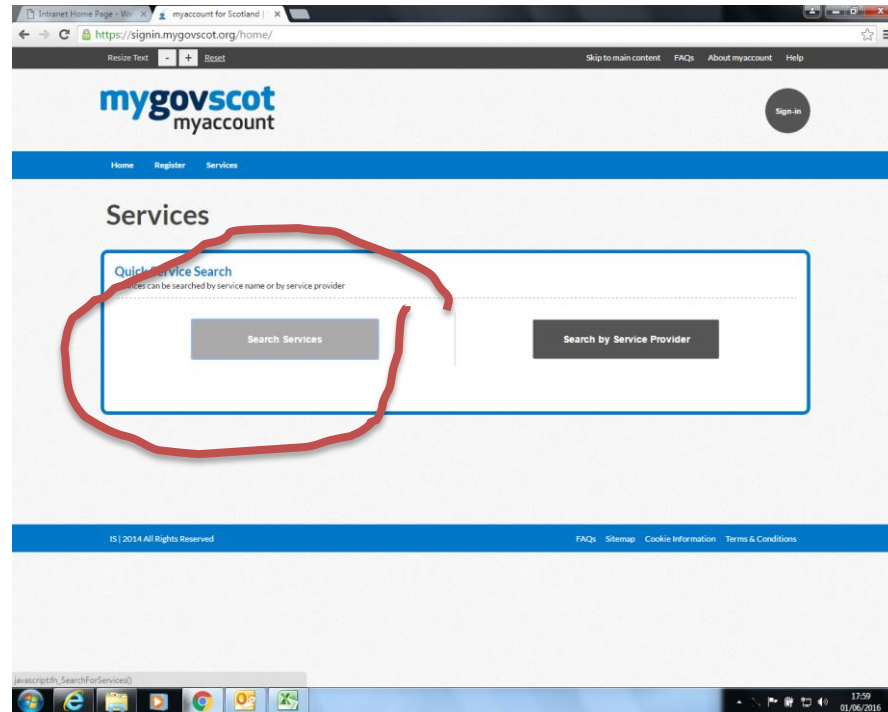

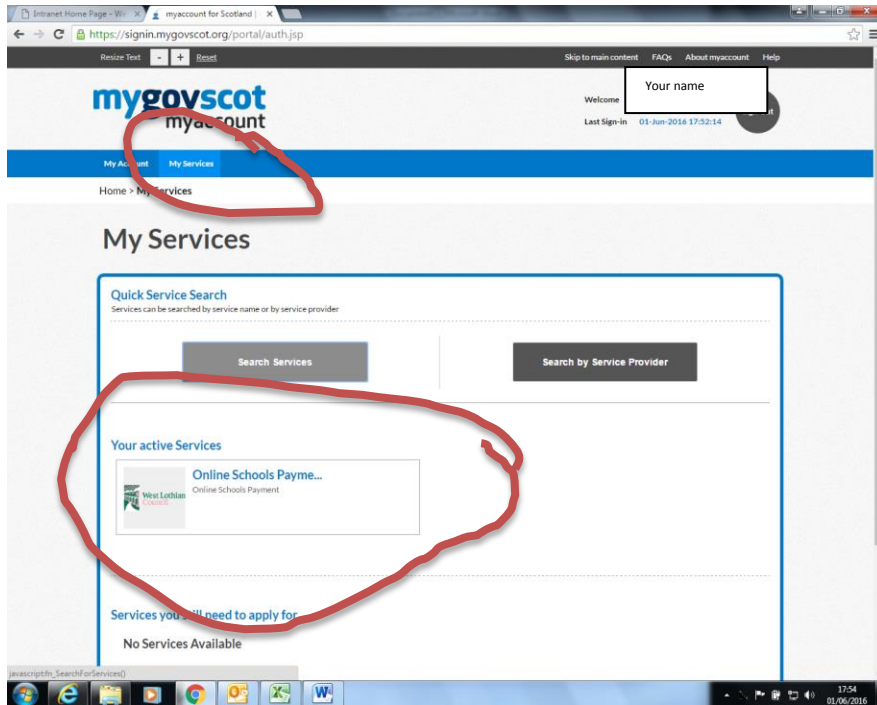

You will go to the same sign in screen as before but will then be taken to the profile page of mygovscot.

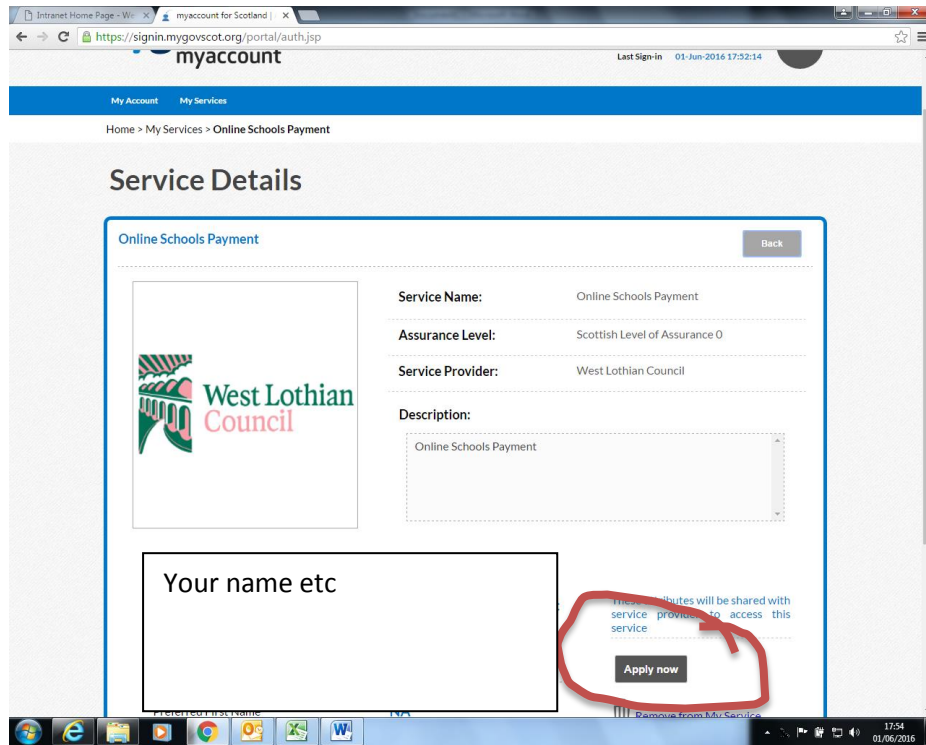

Click on My Services and select Online School Payments,

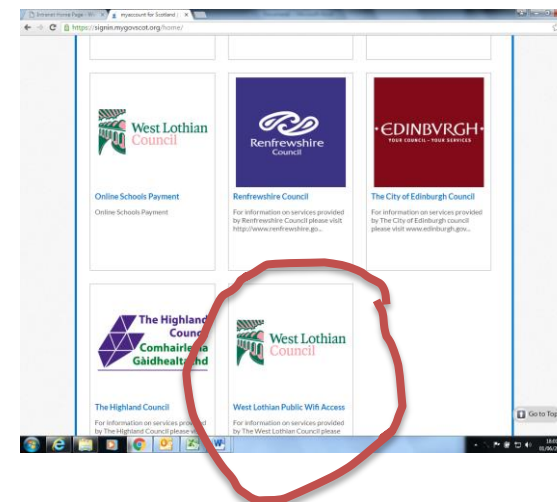

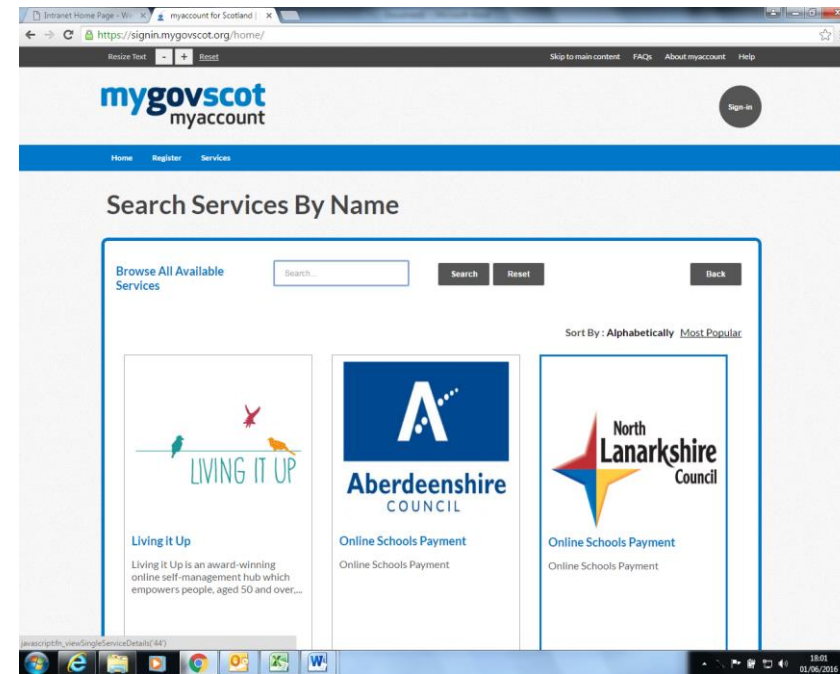

or if not shown click on Search Services

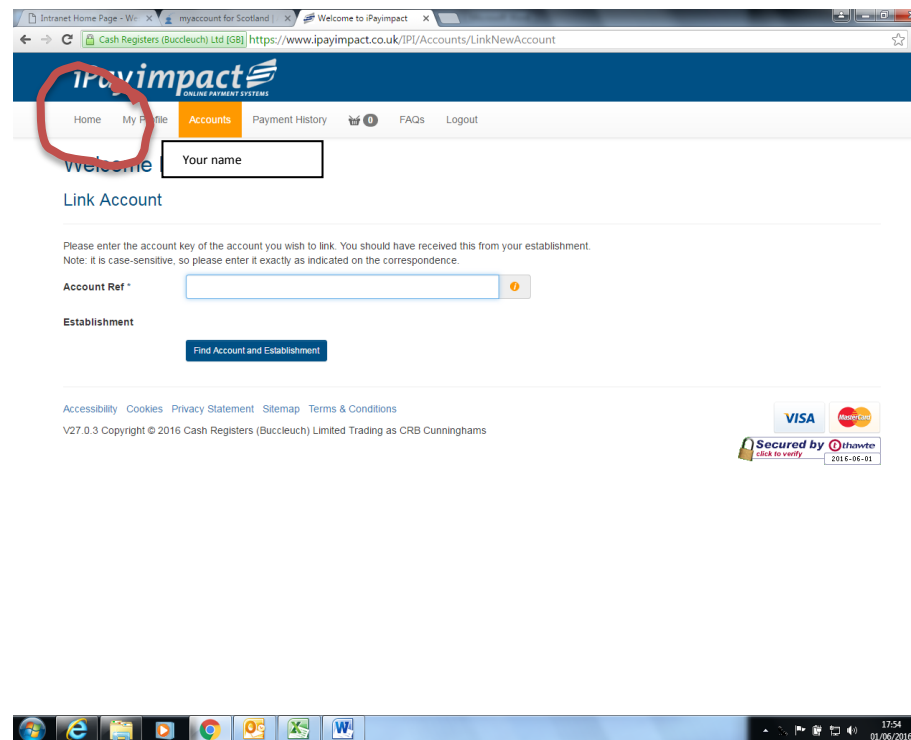

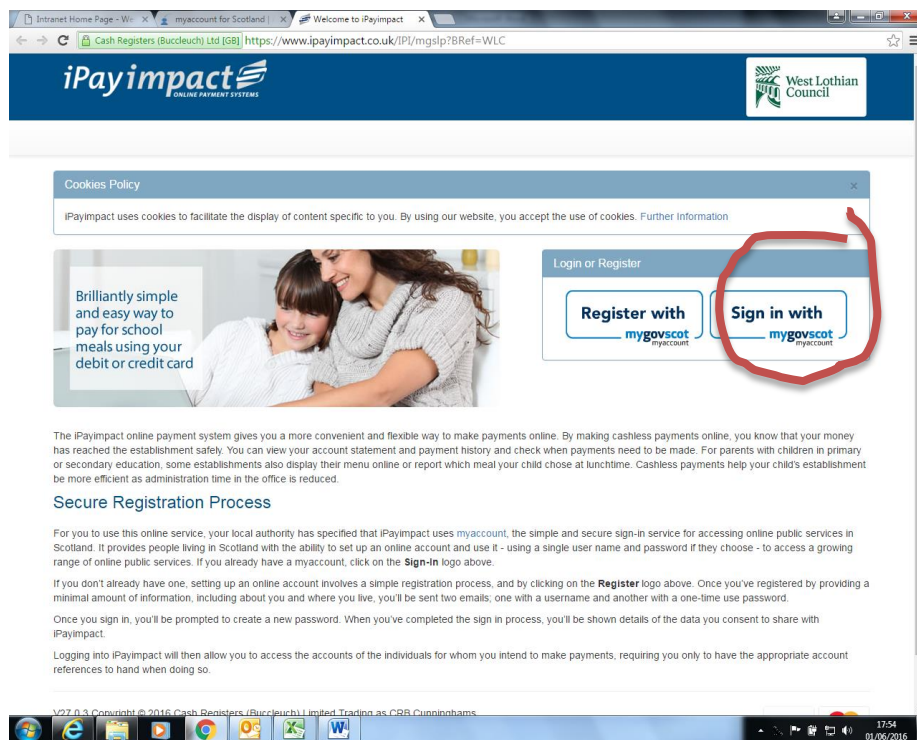

Click on the Apply now button, you may also be asked to share you data – click yes/okay.

If searching for services, scroll down and click on West Lothian online payments, then Click on the Apply now button and also share you data.

You will then be taken back to the iPayimpact Sign in page, click on sign in but as you have already entered your username and password on the mygovscot signin page you will be taken directly to your child/ren's Accounts page, click on Home to take you meal preorders.

If you have saved the page above (with the mother and child) as a favourite previously the 'time out' bug shouldn't happen. Also as more Council and Government services are added to mygovscot you may choose to sign in on that page so you can select other services, like paying your rates online. *We hope you enjoy using online payments and if need any further help please contact your child's school.*
