

1<sup>st</sup> February 2017

Dear Ms Mvairi Lynch and Ms Eva Wilkinson

Following your recent Digital Schools Award Scotland validation visit by Lee Dunn, I am delighted to inform you that Bathgate Early Years Centre has been successful in its application to become a Digital School in Scotland.

On behalf of all the partners involved in the Digital Schools Award Scotland I would like to congratulate the whole school on achieving this award.

I enclose the validation report which summarises the validator's view of the extent to which the school addressed the award criteria. The Digital School Award is recognised by Education Scotland and we are delighted that your school has been among the first to receive this new award.

We are confident that Bathgate Early Years Centre will be a pioneer among schools where digitally enhanced teaching and learning is helping our children and young people prepare for living and working in the 21st Century.

Kind regards

*Aoife O'Connor*
