

## Second Level

### ROLL IT

Roll a dice 4 times and write down each number to create a 4 digit number. Then roll the dice once more to get a number between 2 and 6 and multiply the 4 digit number by this one digit. Do this 10 times and write out as a calculation.  
\*Challenge yourself and multiply your 4 digit number by a 2 digit number using long multiplication.

### PLAY IT

Play a board game with someone in your house. Think about what skills (communication, numeracy, thinking etc.) you are using to play this game?  
\*Create your own game and write the rules out.

### MAP IT

Draw a co-ordinate grid and then draw a picture of your bedroom on top of the grid. Now write down 10 questions that you can ask someone in your family about your bedroom.  
\*Now can you do it for your garden or even invent a place.

### DESIGN IT

Create a den inside or outside of your house. Make a list using commas of the materials that you have used to make it.  
\*If you can, upload it on to our class GLOW page.

## Winter Ready Learning Tasks

**Only complete these activities when the school is closed due to bad weather.**

**Tasks with a star are extension activities.  
Upload your work on to our GLOW page where possible,**

### WRITE IT

Imagine that you have been trapped in the school due to extreme weather. Write a story about your adventures for the day. How would you feel? What would you do? What would you eat? Who else was there?  
\*Make this in to a mini book with front and back covers.

### RESEARCH IT

Research your favourite sports star, actress/actor, singer or model. Create a fact file about them including pictures, their history, achievements, personal information and any other interesting facts.  
\*Research someone of your parent/carer's choosing that you do not know anything at all about.

### MOVE IT

Design a circuit course in your house with 5 different stations. Use objects in your house to help create each one. Work round each station for 1 minute each.  
\*Increase time by 1 minute every time you complete each one.

### EDIT IT

Watch a movie of your choice. Create a story board, comic strip or script with an alternative ending for the film or do this for a made up deleted scene.  
\*Type this up and add to our GLOW page.
