

Going on the Bus

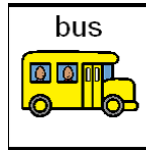

In the mornings

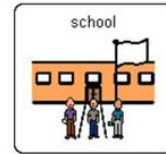

I go to school.

Sometimes I have to get the bus

to school

The bus will pick me up at the bus stop

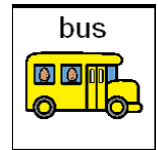

I might see other boys

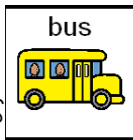

or girls.

On the bus.

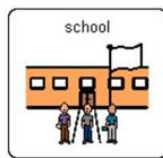

On the bus

I will sit in a seat and fasten my seat belt

When I get to school

I will get off at the bus stop

I will walk to the school entrance to start school

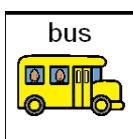

I will see my teacher and be pleased

After school the bus will pick me up from the bus stop.

On the bus

I will sit in a seat and fasten my seat belt

When I get off the bus at the bus stop

someone will pick me up.
