Home Learning tasks

These will begin following the September Break.

How can I prepare my child for this transition?

- Complete some of the transition tasks on Seesaw/ Teams.
- Listen to their concerns/ questions and reassure them. They can also ask their clan champion any questions they may have on Seesaw/ Teams.
- Talk in a positive way about this transition; explain that all the champions in the school will be there to reassure them.
- Take a walk or drive by Mid Calder or East Calder schools so they can see their school.
- Talk through the videos and social stories with them of what their new school will be like.

- [P2-7 Social Stories](#)

What will my child be learning in August?

- We will have a whole school focus on health and wellbeing - building relationships and getting to know each other. It is important for us that you child feels happy and safe coming to school, and relationships are the foundation of this.
- We will be setting the children learning tasks in order to assess their prior knowledge and skills. It will not feel like an assessment to your child – just part of their learning. We will also use transition information from their previous school.
- West Lothian Council have developed curriculum pathways and we will use these to plan for your child.
- We will share learning via our blog and through Seesaw/ Teams (once we are up and running with devices).
