

Clan Changeover: Clans & Champions for 2022/23

Please find below our list of clans and champions for 2022/23.

If you are transitioning in August 2022 or throughout the school session, we encourage you to look at the blog post for your child's clan. Here you will find a photo of their champion, a video introducing them to you and a social story about life in that clan.

For those clans who have 2 champions, this will be a job share arrangement, meaning that they will not have any other champions for consistency for the children. When timetables are organised, we will share with you which champion is in which day and in the termly learning letters, we will explain which champion is responsible for each curriculum area.

We will also share in termly learning letters which non-contact champion your child's clan will have.
