

# Primary 4 - Term 2

## Home Learning Choice Board

My interdisciplinary context for learning is Rainforest Rangers!

Use the choices below to decide what home learning tasks you would like your child to take part in. It is up to families as to how many activities they complete.

My weekly reading homework is to choose a personal reader. I can select this book from my clan library, online books or books from my home. When I complete a book I will update my reading passport.

### Numeracy

### Literacy

### Health & Wellbeing

### Across Learning

<b>Task 1</b> Create a right-angle finder using the link. <a href="https://www.youtube.com/watch?v=AfyHezWbtZw">https://www.youtube.com/watch?v=AfyHezWbtZw</a> Can you find right angles around your home?	<b>Task 4</b> Choose a story you know well e.g. The Gingerbread man. Create your own version of the story by changing key characters, setting and events. A challenge is to try to include speech marks.	<b>Task 7 Passing Skills</b> With a partner, practise the technique for the chest pass – one of the most common passes used in basketball and the most accurate way to move the ball around the court. How many passes can you make in one minute?	<b>Task 9</b> Learn about the different layers of the rainforest using technology or by borrowing books from your local library. Make notes, talk or find another creative way to show what lives in each level and area.
<b>Task 2</b> Create a guide to explain how to use the commutative strategy using the 4 operations with numbers up to 4 digits.	<b>Task 5</b> Choose a character from a story that you know well. Create a profile about this character. Please include drawings, physical description, hobbies, likes/dislikes, family, pets, personality and anything else you have learned about them.	<b>Task 8</b> We have been exploring emotions and how to deal with big and little problems. Can you create a box and fill it with all the things that will help you feel calm or regulate strong emotions?	<b>Task 10</b> Can you design your own rainforest animal? Think carefully about the size, colours, textures and habits of your animal. What does it eat? Where will it live? Is it solitary, in a pair or in a pack?
<b>Task 3</b> Use the <a href="#">Random Number Generator</a> on google. Create either an addition or subtraction calculation using 2 randomly generated numbers up to 4 digits each. Remember if it is subtraction then the biggest number goes at the top.	<b>Task 6</b> Using the fry's 200 words and the spelling menu choose at least one challenge to complete.	<b>Sumdog</b> Access Sumdog and complete the challenge set.	<b>Language Nut</b> Access Language Nut and complete the challenge set.  Use your log-in details that you have been given.

### Ask me

- What was the best thing that happened at school today?
- Tell me something that made you laugh today.
- Tell me a new word that you heard today.
- If I called your champion tonight, what would they tell me about you?
- How did you help somebody today or how did you help someone?
- Tell me one thing that you learned today.

### Sharing your task:

#### Option 1:

- Take a photo of your learning/ make a video/ create a document.
- Login to your Teams account on glow and go to your clan Team.
- To add a response, access class notebook>Home Learning. click 'add page' and complete your choice of activity on this page OR reply to the task assignment your champion has sent you.

#### Option 2:

- Take some paper home from your clan to record your home learning.
- Bring it into school, use a device to take a photo and upload it to your online jotter or submit the assignment.
