Capturing Calderwood Nursery

We have had lots of opportunities to explore patterns and symmetry during our Spring plan. We're also exploring measure and our outdoor water wall is looking great!

Thank you!

Thank you to everyone for handing in suncream.

In the summer months we ask that the children have the first application of suncream applied at home before coming into nursery.

We monitor the UV level daily. If the UV level goes to 3 or above, we are required to apply suncream or keep children inside if they do not have.
