Future Jobs: <https://www.youtube.com/watch?v=DjfM9LKBBhE>

Based on the work by Skills Development Scotland and the meta skills 4.0 framework, West Lothian Council have created a Primary school progression framework to support the learning of skills in the classroom.

Based on this information, Champions and Mini Champs have ranked the Meta Skills that they think are important for our Calderwood Community.

# Calderwood Skills

**Critical  
Thinking**

**Collaboration**

**Communication**

**Curiosity**

**Creativity**

# Calderwood Skills

**But as you can see we are missing an image to represent these skills across Calderwood Primary.**

**The Creative Mini Champs would like to set everyone a Calderwood Challenge:  
Can you create an image to represent these skills for:**

- Early Level (Primary 1)**
- First Level (Primary 2-4)**
- Second Level (Primary 5-7)**

**This challenge is open to all pupils and families across the school, and designs should be submitted to Miss Connor by Tuesday 8<sup>th</sup> October. The winning design will be used for those skills/levels during lessons across the school.**

**Pupils should work on designs for their own level please and there will be a prize for the winner to take home too.**
