

Issue 8: 13.03.2026

Our consultative planner is changing to people who help us, as the children are showing a keen interest in the different job roles in the World around us. If you or a family member can share their job/ career/ interest with the children, please let our nursery champions know.

Here is a link to the [public health Scotland poster](#) which explains infection control, and when to keep your child home from nursery.

Primary 1 Applications

A reminder that the final deadline for applications for P1 is 15th March, the same deadline applies to applications for an additional year of pre-school education.

Signup sheets are now up in the nursery registration area.

Dog Visit

We are hoping to welcome Alfie who is a friendly dog into the nursery garden as a supervised learning experience for the children.

Alfie is a friendly and kind dog who is great with children. He has also been fully vaccinated. We have completed a risk assessment which involves him closely being supervised at all times whilst out in the nursery garden with a small group of children.

If you child has an allergy, fear of dogs or you do not wish them to take part in the experience please complete the form: [Dog Therapy \(2\) – Prefilled form](#) No completion of the form will mean you have no concerns with your child taking part.

Preschool Transition into P1 (Literacy Programme)

We are now 4 weeks into our Primary 1 nurse transition, the children have enjoyed going through Fairytale Land by listening to a range of traditional tales

They have experienced their first week of going through Rhyming Land by listening to a range of Julia Donaldson books.
