

French

Bonjour

Ca va?

Aujourd'hui, nous allons apprendre les couleurs.

Today we are going to learn colours.

Today, after you have looked at some of the Power Points and videos I would like you to create a poster that teaches others the colours in French.

Files – Class Materials – Mrs Dobbie's Folder – French – Colours

One of the Power Points is how to say the French colours using sign language.

The links below are to support your learning and to help with the correct pronunciation. You can either watch the videos straight through or take you time and do them bit by bit.

RME

Today you are going to use all the information you have gathered on Martin Luther King to create either PowerPoint, a word document or a written document.

The purpose of the Power Point, Word document or written document is to present it as an assembly for the rest of the school. They will not know who Martin Luther King is so you need to share;

- Information about his personal life eg when he was born
- What education did he have
- What did he do and why (give some examples of situations he was involved in)
- His 'I have a dream....' Speech
- When and how he died

If you can, there should be pictures included in your presentation.
