and parking

Lunch area and
Bistro available

Workshop and
challenge sign up
will be available
on the day

@HWEngage
#YearOfSea2018

Discover the wonders of science and the sea, and get hands-on with cutting edge research.

Get hands on with **sea creatures**, take a **virtual reality tour**, **help microbes** clean up oil spills, **explore** how our scientists **play with light and sound** and much more!

Out-of-the-sea activities will include **robot construction**, **froth, foam and bubbles** and creating your own **blueprint**.

As well as getting messy and creative, you can **take part in a series of scientific challenges** to unlock our underwater world, **winning prizes as you go**.

Check out **www.hw.ac.uk/eisf2018** for directions and more information
