

MONEY

Ask an adult at home for some coins. Can you say what all the coins are? Can you sort them into different piles then count them up. Play “shops” with someone.

PLAY IT

Play a game of Snakes and ladders, dominoes or snap with playing cards with a member of your family.

COUNTING

Circles: count from 0 to 20 and back again.

Challenge: to 30.

Triangles: count from 0 to 50 and back again.

Challenge: to 100.

Squares: count from 0 to 100 and back again.

Challenge to 200.

MATHS LEARNING GRID P2

Name:
