MATHS LEARNING GRID P2 04.05.20

COUNTING BACKWARDS

You can do this on your own or with a partner. If with a partner, say alternate numbers.

Circles: count back from 20 in 1s.

Challenge: count back in 2s!

Triangles: count back from 40 in 1s.

Challenge: count back in 2s!

Squares: count back from 60 in 1s.

Challenge: count back in 2s!

PLAY SHOPS

(Addition/Subtraction)

Get some toys, books and other things together and put price labels on them (within 10p).

Either use real money or make pretend paper coins (remember only 1p, 2p, 5p and 10p coins)

Play shops with someone in your family – or a teddy.
