## **Expectations**

- The Learning Grid gives you a range of activities that can be completed each week. The tasks marked with a  are priority tasks and we would ask you to complete them each week. These priority tasks may also be set as assignments in your class team on Glow in order that you can share your learning with your teacher and receive some feedback where appropriate. Sumdog is an important part of your learning because your teacher can clearly see your strengths and weaknesses and set work to suit your abilities.
