

## **P5 Home Learning**

**Week beginning: 25<sup>th</sup> May**

Tasks marked with a ★ are priority tasks and we would ask you to complete them each week. These priority tasks will also be set as assignments in your class team on Glow in order that you can share your learning with your teacher and receive some feedback where appropriate. Feel free to share any other learning in the P5 2019-20 'Additional Activities' channel or into your Personal Folder.

### **Reading: Comprehension** ★

*WALT use strategies before, during and after reading to help us better understand a text*

For reading this week we would like you to look at a clip from Harry Potter and the Chamber of Secrets. Tasks are split into different categories; we ask that you complete at least one from each.

### **Health & Well-being** ★

*WALT recognise our emotions*

*WALT discuss and explain how we are feeling*  
Following on from Mental Health Week, keep a feelings chart. We would also like you to share a song that makes you happy! You can upload a link to the Additional Activities channel so we can all listen 😊

### **Additional: Smoothie Design**

Costa's and Starbucks are trying to create the best Spring/Summer healthy smoothie. For fun, can you create a delicious smoothie that they would want to sell in their stores? Draw a picture of what you think your finished smoothie would look like and annotate it.

### **Literacy: Writing** ★

*WALT use our storyboard plans to help us write an imaginative text*

*WALT use similes to enhance our writing*

This week we want you to use your plan to write the middle part of your story. Think carefully about how the story develops. Remember this is the biggest section of the story, so should be a few paragraphs long. Try to use some similes in your writing (e.g. as tall as a tower) and 'show' the reader rather than telling them.

### **Literacy: Writing** ★ **Recipe Writing**

*WALT write a set of instructions*

You have until Friday 11<sup>th</sup> June to submit your recipe. These should be uploaded into your Personal Folder, emailed to your teacher or handed in to the school office. Remember to include the equipment list, ingredients, detailed instructions and any photos.

See the 'Virtual Kitchen' for support.

### **Numeracy: Fractions** ★

*WALT calculate unit and non-unit fractions of an amount*

Choose one of the Chili Challenges to complete. They range from mild (easiest) through to extra hot (most difficult). Use the PowerPoint and video (listed on the blog & Teams) to help you. There's also a game to try:

[https://phet.colorado.edu/sims/html/fraction-matcher/latest/fraction-matcher\\_en.html](https://phet.colorado.edu/sims/html/fraction-matcher/latest/fraction-matcher_en.html)

### **Sumdog** ★

Please complete any relevant assessments, challenges or contests on Sumdog.

### **Additional: Reading Nook**

Create your own quiet reading space in your house or garden. It might be your favourite room, on your favourite chair or you might build yourself a brilliant reading den. Take a picture of yourself in your den reading your book and upload to the general feed or your personal folder. Have fun!

### **Additional: Art**

Take a look at the 'Roll and Draw' worksheet and work your way through the steps. Feel free to add colour at the end if you wish. There is a link to a virtual dice on the blog & Teams if you need it.
