

Question Hand

What you need?

A piece of paper, pen/pencil.

How does it work?

- 1 Draw around both your hands on a piece of paper and cut them out.
- 2 Write one of these phrases on each finger of one hand:
What if...
Where does...
Who can...
How does...
Is there...
- 3 On each finger of the other hand write a word that is linked to the science theme. Think about what you're curious to find out about.
- 4 Bring your hands together and create 2 new questions that you want to ask by linking the words on two fingers!
- 5 Write your questions in the palm of each hand and share with someone else.
