

## P5 Remote Learning

Monday 11<sup>th</sup> January 2021

- Resources for learning tasks can be found within the 'General' channel on your class Teams page. These will be uploaded throughout the day to allow you to focus on one learning task at a time.
- To access the resources go to 'Files' within 'General' channel then select 'Class Materials' then 'Remote Learning Tasks' and then select the date that the week starts e.g. all of this week's tasks will be within the folder titled '2021\_01\_11' and there will be folders for each day.
- The majority of tasks will be set as assignments within the 'General' channel on your class Teams page. This will allow you to share your learning with your teacher and receive some feedback where appropriate.
- You can upload any additional evidence of work such as photographs, videos, drawings etc. into your own folder within Teams or into your 'OneNote notebook'. Work completed in 'OneNote' will only be visible to you and your teacher.
- Your timetable for the day is below. We have given suggested times for the learning tasks, do not worry if you take longer on the tasks or need to complete them at a different time. Remember that collaborative meetings may fall within these times.

**8.50am – 9.20am**

### **Morning Starter Challenges**

*See your class Team page for your morning starter*

**9.20 – 10.30 am**
