

Stitches are a way to keep a football together. Can you find something in your house that has stitches? What does it look like if you turn it inside out?	The footballs in the film are made in a country called Pakistan. Can you find Pakistan on a World Map? Use an atlas or Google Maps.	A football is a type of ball. A ball is a round object. How many round objects can you find in your home? Line them up from biggest to smallest. Do not forget to help put them away!
When making a football, workers have to work in a team. Can you work in a team with your family to get a job done? 		Football boots have laces to stop your foot sliding around in the shoe. Practise tying your shoe laces. 
Balancing Challenge! Try to balance a ball 1. On your hand 2. On your foot 3. On your head Find a brother, sister or grown up to try balancing a ball too!	Make your own football pitch. Use paper, card or any other materials you have in your home!	Every football team has their own team kit to identify their teammates from the other side. Design your own Fairtrade football kit.
