

LITERACY

Reading – Good readers make personal connections to what they read.

Log on to Active Learn and read Class Two at the Zoo again (you can hear it [here](#)). Have you ever been to the zoo? Have you ever been a trip with your school? Have you ever gone somewhere with a friend?

Choose one of these ideas that the story makes you think of and write and draw about it in your jotter. Think about where, when, who, what, why and how it made you feel.

NUMERACY

Keep working through your time booklet. Try the next two pages. (You can complete the time pages in your Heinemann workbook if you do not have your time booklet).

There are some new time games on ActiveLearn to try.

I have also set a time challenge on Sumdog so try to log in and have a go at that. There are 250 coins available for everyone who finishes it. The challenge will come up automatically when you log in.

P3/2 Activities – Thursday 26th March 2020

A note from your teacher

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

OTHER – Materials topic

Materials have different uses. Think about the following materials – glass, plastic, metal, wood and wool.

Which one would you use to make:

a jumper a box a table a chair a window a car a hairbrush?

Some materials would not be good to use. Choose two of the objects above and write a sentence to say which material you would use and which you would not like the example below.

I would use metal to make a spoon because it is strong but not wool because it is too soft.

PE day

Today is another PE day – try to either spend time outside or do Joe Wicks PE workout or Just Dance.
