

## LITERACY

Writing – Good readers predict or guess what will happen next.

Write about what you think is through the gap. Think about who, what, where, why? [Click here](#) for more information.

## NUMERACY

Let's go back to our time booklets today. Try the next page of your book.

Use the clock in your pack to make these times (choose the level you want to work at):

Level 1 – 5:00, 2:00, 10:00, 8:00, 1:00, 4:00, 9:00, 3:00, 7:00

Level 2 – 8:00, 3:00, 4:30, 10:30, 6:00, 2:30, 12:30, 1:00, 7:30

Level 3- 6:30, 5:15, 11:45, 8:00, 7:15, 9:30, 10:00, 4:15, 1:00, 3:30

Here are some time games and videos you could try:

## P3/2 Activities – Wednesday 1<sup>st</sup> April 2020

### A note from your teacher

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

## OTHER – Materials

Last week we learned about different properties of materials or how they feel.

Let us think about waterproof materials. This video will give you some ideas ([click here](#)).

Collect four different materials from around your home and set up an experiment to see which ones are waterproof. For example: cotton wool, paper, a plastic bag, a coin. Predict which ones will be waterproof and then use a spoon to drop water on each to test if it is waterproof. Make a table like this to record your findings.

Material	Predict (yes/no)	Test (yes/ no)
Paper		

## PE

Try to get some exercise today. Joe Wicks PE is great or some Just Dance on youtube.

If you are able to play in the garden or go for a walk safely then you could also do that.
