

LITERACY

Grammar – Today we are going to practise using capital letters in the correct places. In your jotter you are going to choose some of the questions below to answer. Take a new line for each answer and answer in a sentence, not just one word. Make sure you have capital letters at the start, at all names and any days or months.

- What is your name?
- What town do you live in?
- What month is your birthday in?
- Who lives with you in your house?

Reading – Log on to the Active Learn website and read your book.

NUMERACY

If you have not completed your time booklet please try the next page.

Choose two numbers from your number pack. Use them to make two sums, can you try three? For example if I choose 4 and 8 –

$$4 + 8 = 12 \quad 8 - 4 = 4 \quad 4 \times 8 = 32$$

Repeat this at least 4 more times, choosing different pairs of numbers each time.

Challenge can you equally share one number by the other – 8 shared between 4 is 2. This will not work equally for every pair.

P3/2 Activities – Tuesday 21st April 2020

A note from your teacher

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

HEALTH AND WELLBEING

Yesterday we thought about the rainbows that people were putting in their windows. They remind us that we will get over this virus and be allowed out again one day. It also shows our support for the NHS and all the other key workers who are very busy at this time.

Who do you think the key workers are? Make a list in your jotter.

Here are some ideas - Who works in a hospital? Who makes sure that we have food to eat?

Who makes sure we are safe in our houses? Who makes sure that key workers can get to work?

MUSIC

Today I would love you to have a go at some body percussion.

Here are two short videos with routines to have a go.
