

## LITERACY

Writing – Today we are going to start some work on writing instructions. Instructions tell us how to do something. They use time connectives like first, then, next to give us an order and each new line has a number.

Today we are going to write instructions to wash our hands. This sheet ([click here](#)) will help you with more information.

Reading – If you haven't read your book on active learn and answered the green bug questions try to do so. Some people have a new book to read today.

## NUMERACY

If you have not completed your time booklet please try the next page.

Today is the third video on 3d shape. The video can be found [here](#) and the slides are [here](#). Your work is at the end of the video or slides.

If you have some extra time then you could play the games on Sumdog or Active Learn.

### **P3/2 Activities – Wednesday 29th April 2020**

#### A note from your teacher

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

## TOPIC – Looking to the past

This week we are going to start thinking about how things have changed in our houses from 50 or even 100 years ago. Please watch this video ([click here](#)) of Magic Grandad who travels back in time to show his grandchildren what life was like. This video is about the kitchen. (Even though this video is about history you will notice the 'modern day' parts are quite old too. It is a very good series though.)

Once you have watched it write down some of the things that you noticed were different, for example:

They had candles instead of electric lights.

## PE

Today is a PE day so can you either try Joe Wicks workout or some Go Noodle. Below are some of our favourites from class. Click on the title to play each one.

[Banana, banana meatball.](#)

[Superheroes unite](#)

[Purple Stew](#)

[Knicky Knacky Knocky Noo](#)
