See if you can complete the shape patterns on the other sheet. Make sure to check that you are using the correct shapes and colours.

You could make some repeating patterns out of objects you have at home. I'd love to see some photos of patterns you have made.

You could try this game to investigate completing shape patterns.

Challenge Time

Memory Game

Gather together a collection of items (maybe start with 8) on a tray or table. You could get a sock, a spoon, a toy and so on.

Cover with a cloth or towel and see how many you can remember. Keep adding items till you can't remember them all – how many can you remember?
