## HEALTH AND WELLBEING

We have been learning about medicines and how they can help us when we are not feeling well. There are lots of different people in caring jobs who can help us when we are unwell or something hurts or we need to understand new things.

Have a look at the sheet <u>here</u>, can you match up all the jobs at the bottom with the descriptions? You can print off the sheet and fill it in or just talk about it with an adult.

Can you think of any other people who care for you?
