

LITERACY!

Re-read your book on Active Learn out loud.

This week for our writing we are going to use adjectives to describe a spring time animal!

Choose an animal from the pictures below and write as many sentences as you can to describe it. You might want to include what the animal looks like, feels like, sounds like etc.

Remember capital letters, full stops and finger spaces. Can you use any connective words that we learned on Tuesday?

NUMERACY!

This week we will be working on place value. I have set you a place value challenge on Sumdog and you have until Friday to complete it.

Here is our favourite place value game:

[Shark Numbers Place Value Game](#)

Copy and complete the following place value exercise, this time working on hundreds, tens and ones:

[Place Value Hundreds, Tens and Ones](#)

P2 Activities

A note from your teacher

Please complete these tasks in the jotter provided each day. You will be able to share your learning when you return to school.

OTHER!

Spring Topic:

Lots of birds hatch from their eggs around spring time. It is important that birds create a safe nest for their eggs to wait until they have hatched. Can you design a nest for some eggs? You could use materials that you find outside, or if you can't go outside you could draw and label your own bird's nest.

You can share work with me either by emailing the school office or on the online Learning Journals by using the Wider Achievements at Home section. There is a free app too!
