LITERACY

Sentence Jumble

Oh no, all of the sentences above have been jumbled up! Can you put them in the correct order so that the sentence makes sense?

Top Tips: -Capital letters go at the beginning and full stops go at the end. Please pick at least 3 of the sentences above, each sentence will get a little bit trickier.

Extension: Can you find any nouns or adjectives in the sentences and underline them? Remember a noun is a naming word of a place, person or thing and an adjective describes the noun 😊 (you don't have to write out the big sentence about the nouns and adjectives like in my example, just underline)

Sentences are attached above and I have given you a little example!

NUMERACY!

Money – adding coins

First of all I would like everyone to have a look at the information sheet attached on coins. This can take a little while to understand but with practice it will come 😊

Task 1- I would like everyone to complete the first worksheet attached 'Toy Shop'. All of the coins are 1p so i would like you to count and write how may 'p' are there.

Task 2 – If you would like to have a go ad adding up bigger/more coins please have a go at the second worksheet. Look carefully at the value of the coins and you can write them in your jotter to help you work out the answer!

I would love to hear how you get on 😊
