

LITERACY

Reading skills – Today we are going to work on inferring. Remember when we infer we need to be detectives and look for clues to tell us what is happening.

[Click here](#) for today's worksheet. We are going to the fun fair and while this is reading work we are not going to read any words (other than the questions). We need to read the picture to answer the questions. You can print the sheet and answer the questions, write the answers in your jotter or talk about it with an adult.

Reading – Don't forget to look at your second reading book this week.

NUMERACY

We are still working on division today and we have another video, this one is about finding a fraction of a number. You can find the video if you [click here](#).

There are a choice of three worksheets today, all of them are working on finding half and double of a number.

Mild – [click here](#) Hot – [click here](#) Spicy – [click here](#)

If you have time have a go at the games on Sumdog or Active Learn.

P3/2 Activities – Thursday 28th May 2020

A note from your teacher

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

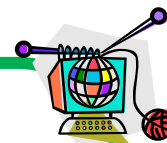

TOPIC – Looking to the past

Today we are going to continue learning about the history of toys. Yesterday we learned about the oldest cuddly toy and today we are going to learn about dolls houses.

The first dolls house was made in Germany in 1558! This means people have been making dolls houses for around 500 years. They used to be for adults to show how much money they had because it was expensive to have all the tiny items. There are even doll houses with running water and electric lights. They have only been popular for children for around forty years.

Have a look at this video from a doll house museum ([click here](#)). Can you make your own room for a doll to live in? Think about how big the chairs or bed or table would have to be for the doll to sit or lie on it. You could use lego, building bricks, old cardboard boxes or anything else you have at home.

PE day

Today is another PE day – try some exercise outside in the sunshine or try a few of these exercise videos.
