

LITERACY

Grammar – Today we are going to carry on with our work on verbs. Remember when we are doing something we add 'ing' to the end of the word so sleep becomes sleeping, paint becomes painting.

Use today's sheet ([click here](#)) to write a sentence for each activity the person is doing or use the verbs below to write sentences in your jotter.

cuddle, paint, think, feed, water, read, fly

Reading – Log on to the Active Learn website and read your new book.

NUMERACY

Today is our last day on division as we have done a lot of work on it and I think it is time for a change. Below are your choice of mild, hot and spicy tasks for today. I would also like you to watch this video about multiplication and division which is a fabulous reminder of a lot of the things we have learned about ([click here](#)).

A note from your teacher

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

HEALTH AND WELLBEING

We are going to carry on learning about internet safety today.

Yesterday we learned that it is important that we do not know who people online really are and we must never give out our personal information to anyone online unless one of our trusted adults says that it is alright.

Today we are learning that when we put something online it is there forever, we can never get rid of it totally. Watch this video ([click here](#)) and tell an adult at the end three things you must remember when you are online. Here is a song to listen to as well by some people I think you will recognise, it is another reminder about staying safe online ([click here](#)).

FRENCH
