

LITERACY

<u>Reading skills</u> – Today we are going to work on using all our reading skills to understand a story better. There are three different tasks – mild, hot or spicy and each one has a different question sheet. You can talk about the answers with an adult, write the answers in your jotter or print off the sheets and write on them.

Mild – Myths and Legends <u>Click here</u>

Hot – Maui and the magic of fire $\underline{\text{Click here}}$

Spicy – Fenris the wolf $\underline{Click here}$

We are going to carry on with data handling today and we are going to learn about Carroll diagrams. This video will show you what a carroll diagram looks like (<u>click here</u>).

MATHS

If you have the blue book 2 (with the butterfly) please complete page 31. Take your time and think really carefully about each number.

If you do not have this workbook then please have a go at this worksheet. (<u>Click here</u>)

P3/2 Activities – Thursday 11th June 2020

<u>A note from your teacher</u>

Please complete these tasks in the jotter or relevant workbook each day. You will be able to share your learning with the class when you return to school.

TOPIC – Looking to the past

Today we are going to finish our history topic by learning about some of the different ways we can find out about the past.

I have made a video about this (<u>click here</u>) and after you have watched it write down three different sources or ways you have found out about the past during our topic.

<u>PE day</u>

Today is another PE day and today I want you to try to be active for at least 30 minutes.

You can dance, walk, run, jump on the trampoline – whatever you would like but keep track of the minutes. You do not have to do it all at once, you could do fifteen minutes and then another fifteen minutes later.
