

This week we are going to ask you to produce a project about bees.

How you show us your work is up to you.

You could:

- Make an information book
- Make a poster
- An information report
- A powerpoint

Or you might have an even better idea.

This is the last day of extra information for your project.

Take a good look at the work you have done so far.

Do you need any more information?

Is your work neatly presented and easy to read?

Do you have some pictures or diagrams?

Do you have more you want to add? You have another week to finish.

Extra activity – Today is a fun story about a busy bee. You can [click here](#) to watch the story. You might also want to watch The Bee Movie if you have access to it. There are some clips on you tube as well.

This is Bee Week

We will be learning about bees all week but your project is due by Friday 26th June. You can post it to your Learning Journals, send it in an email to the school office or hand it in during lunches.

I can't wait to see what you make.

Friday 19th June

This week we have learned lots about bees.

Today we are going to give you some links to some other bits of information. These are fun little extra facts about bees that are interesting to add.

This video has some fun facts in it. ([Click here](#))

Or you can read more about honeybees ([click here](#)).

You might find out something new in these information cards. ([Click here](#))
