 - ▶ Dreams
- 

Everyone has a different length of runway.

- ▶ Your children are unique and individual
 - ▶ My task is to enable them to be themselves and to work together.
 - ▶ I value the age and stage of your child, their character, opinions and sense of humour. While encouraging them to appreciate the same things in others.
 - ▶ Together we work to help your child to
Learn, Value, Persevere and Succeed.
- 

- ▶ – I care a great deal about your child, but I also have to be concerned with all the children in the classroom. I may do things differently from you because I am working with a large family of children.

Note:

- ▶ There always will be someone in the world who is smarter, more athletic, more musical, more..... than your child.
 - ▶ Have fun and enjoy their discoveries of life, don't sweat the small things - find joy in them.
 - ▶ And Remember ...
- 

Your child will fly in their
own time...
