Thurs 28th Feb 2019

Resilience - it is important to keep connected when things aren't going right for you.

Who is your back-up team?

Complete the sheet you have been given.

Learn the words for some food in French or Spanish. Make a poster to show what you have learned.

Can you tell us which of the foods you like or don't like?

(J'aime... or je n'aime pas...)

Find out about St David's Day.  
Who celebrates it and why?

Find out some interesting facts or stories about St Valentine's Day.

There are 21 other places in the world called Livingston. 18 in USA, 1 in Australia, 1 in Guatemala, and 1 in Mexico. Find out about one of these other Livingstons.

Make a poster to teach the class about Roman Numerals and the rules for using them.

I II III IV  
V VI VII  
IX VIII  
X XI XII

Practise your 12 times table until you know it thoroughly (up to 12 x ).

How fast can you say it—the whole thing, not just the stations?

Can you beat your parents?

How long you have been alive?  
Calculate the number of seconds it has been since you were born. How many days has it been?  
Work it out as at 7pm on the day you do the activity. Show your workings.

Mary Somerville is pictured on the back of a Royal Bank of Scotland £10 note. Find out why she is important enough to be honoured this way.

Find out what type of birds visit your garden. What do they eat? What does their call sound like? Where do they nest, what are their eggs like?

Try some origami. There are lots of websites with good tutorials. You just need some paper.

Hint: make your folds really precise and make them sharp by running your fingernail along them.

Talk to an adult in your family about their job.

What do they do? Did they need any qualifications? What do they like/dislike about it? Are there any particular skills they need?
