

P3 Home Learning - Summer Term, Week 3

<p>Spelling this week Spelling words this week are 'ire' words: dire, fire, tire, wire, hire, spire, shire, attire, inspire, conspire, perspire, admire. Remember to practice writing these over the week in different ways using the spelling sheet in your pack. Also, head over to Sumdog to take part in the spelling challenge!</p>	<p>Literacy/HWB Keep a daily diary, here are some questions to help you write today's entry: What are you doing each day? With who? How do you feel today? Why is that? Are you looking forward to or worried about anything? What are you missing about school?</p>	<p>Literacy Free writing – Write about whatever you want to! You could write: An imaginative story, write about how you are feeling and why, Procedure for something you are doing at home? Etc. It's up to you!</p>	<p>Hello Primary 3.</p> <p>I hope you all enjoyed your long weekend!</p> <p>Here is the learning grid for week 3. Please do as much as you can of the grid to support your home learning while away from school. Other activities are included in the pack sent home. Please also check @MrsLoveP3 on Twitter for more hints and ideas and I will post extra activities on the school blog, including daily maths work.</p> <p>I have emailed all parents of P3, if you have not received an email from me, my email address is:</p> <p>angela.love@westlothian.org.uk</p> <p>Feel free to contact me if you have any issues or questions and I would love to see what you have been up to. I look forward to seeing all your pictures!</p> <p>Stay safe, Mrs Love</p>
<p>Reading Mrs Love has set you a challenge on the Epic app – Download app then use code rnc0467 to join the class, See the sheet in your pack for details to access. I have been watching what you have been reading on Epic. Well done to those who have been using it and completing the books! We have read almost 400 books now as a class, amazing!</p>	<p>Health and Wellbeing – PE Balances - How many balances can you show balancing on one foot? Can you hold your balances for 3 then 5 seconds? Can you copy another person's balance from 2m away? Magic Mirror - Face a partner at a 2m distance; can you mirror your partner's movements? Swap over and change routine.</p>	<p>STEM/Topic Learn about Amelia Earhart, who she was and why she is important in our topic of flight. Watch this: https://www.youtube.com/watch?v=N1o6u7Zo9A Then read the information and complete the comprehension activity posted on the blog alongside this grid.</p>	
<p>Topic – Flight I have assigned a new book on EPIC for you to look at for our topic of Flight. It is called 'How Do Hot Air Balloons Work?' I would like you to make a poster with the facts you have learned about hot air balloons. Make it bright and colourful and include lots of information.</p>	<p>STEM/Topic - Flight – People have always understood that flight was possible from observing birds, but it took a long time to achieve. Write down: What are some examples of things that fly? Can you group them into different types of flight - Do they hover, fly forwards, backwards etc? Then group them into natural and man-made things. What is the difference in the terms flying and flight and what do they mean?</p>	<p>HWB – Following on from our handwashing and teeth brushing, I would like you to create a poster answering the following questions: What we need to look after ourselves? And How do we keep ourselves clean? Think about how you do these things every day.</p>
